## Safety and Storage Risks

- How would a personal injury from loading 42 lb. water bottles impact the injured employee, organization, and Workers Comp rates?
- What's your current plan to eliminate your liability from lifting heavy 42 lb. bottled water?

**Solution: No lifting or Storage**

## Unsanitary Cooler

- What do you think happens when your cooler is not sanitized regularly?
- What causes the slime build up in your dog's water bowl when it sits a few days?

**Solution: Self-Sanitizing Tank**

## Health Effects of Microplastics

- Are you aware that the highest levels of microplastics come from bottled water?
- Have you seen the research linking microplastics to cancer, immune system damage, and reproductive problems?

**Solution: Purified & Certified Water**

## High/ Variable Cost

- Have you considered the ever-increasing bottled water costs due to increased staff and inflation?
- How are you currently meeting your ice needs?

**Solution: Low Fixed Cost**
